Authorization for this examiner's amendment was given in a telephone interview with Max Garwood on August 1, 2006.

The application has been amended as follows:

On page 5, line 15 of the specification, numeral "14" following the phrase "suction roll," has been changed to --18--.

2. The following is an examiner's statement of reasons for allowance: Applicants arguments filed on March 10, 2006 are convincing. The prior art does not teach nor fairly suggest the configuration of a target carried by the seal strip and a sensor not connected to the seal strip, as it is now claimed. Note that the basis for the newly added limitation could be found in the figures and page 5, lines 20-21.
3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
